DREAMCATCHER DUAL ALARM, AUTO TIME SETTING CLOCK RADIO WITH BLUETOOTH, USB CHARGING FUNCTION, NATURE SOUNDS, AND TIME PROJECTION

- EverSet® auto time setting - the USA radio-controlled clock ("atomic clock") signal, WWVB, broadcasts from Fort Collins, CO and is the nation's timekeeping standard. Reception of the WWVB signal is sporadic but EverSet technology receives the new phase-modulated broadcast signal that improves reception of the WWVB signal by over two orders of magnitude making it virtually ubiquitous across North America. The consumer need only set their time zone and this state-of-the-art clock will always show the correct time, even after power outages, leap year, and Daylight Saving changes.
- Bluetooth version 2.1 +EDR to stream music from a Bluetooth enabled device (supports A2DP, AVRCP, HFP)
- Near Field Communication
- 3.5mm Aux-in jack to stream music from virtually any audio device with headphone jack
- 0.9" blue LED front panel display with dimmer function
- Blue LED projection display of time on the ceiling with focus adjustment capability
- Rests on swivel base capable of rotating 180 degrees
- FM radio with digital tuning and volume control
- 10 digital audio quality nature sounds
- Wake to radio, alarm or nature sounds with crescendo volume
- Independent dual alarms with capability of being set for weekdays, weekends, or all 7 days
- Battery back-up for time and alarm settings (CR2032 lithium battery included)
- USB output charging port (5v, 1000mA) to charge most electronic devices with USB port (charging cable not included)
- Full range speaker (2.5", 10 watts total output power)
- AC operation via included external AC adapter (100-240v)
- Unit dimensions: 8"(W) x 4.9"(D) x 5"(H)
