

HELLO KITTY KT4090
COMPUTER SCROLL MOUSE

Installation

- Make sure your PC is turned off. Insert the mouse plug into the PS/2 socket of your PC.
- Turn on your PC. Your mouse will be automatically installed by Windows® plug and play function.

Scroll Wheel Operation

- Under normal operation, turn the wheel manually to scroll up and down a long document or web page quickly.
- To enable smooth auto scrolling, press the wheel button. A double arrow icon showing the anchor point and a floating arrow icon showing the current mouse position will appear. To scroll up/down, move the mouse until the floating arrow icon becomes an up/down arrow. The farther away the floating arrow from the anchor point, the faster the scrolling speed.

Compliance with FCC Regulations

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio technician for help.
