

SB2165

Portable Avanti Stereo Boombox with Bluetooth/CD/FM Stereo Analog Radio/15W Subwoofer for High Power Bass

- Bluetooth Receive and Transmit
- Top loading CD Player
- 20 programmable tracks for the CD/MP3 player and USB playback
- 15W Subwoofer for High Power Bass*
- Power Output: 8W RMS @ 10% THD x 2 + 15W
- 3-speaker system
- USB Port for playback (supports USB thumb drive up to 32GB)
- FM stereo analog radio with back lit dial scale
- 3-digit Red LED display
- Rotary Volume Control
- Bass and Treble function
- FM rotary antenna
- Aux-in jack
- Headphone jack
- DC jack
- Amber LED light effect synchronizes with music on 5 speakers
- Built-in rechargeable battery
- External AC adaptor
- Product dimensions: 15.75" W x 8.5" H x 7.87" D

*15W Subwoofer

Since the subwoofer speaker generates its heavy bass from an air cylinder internal system, the bass will be much heavier when designed with the port on the side of the unit rather than the rear. Our electronics design team moved the air pump to the side of the unit from the back after a comparison of the data measured on the electroacoustic tester showed the side air pump to be louder than the rear air pump by about 3dB. The pressure increase of 3db allows the output power of the horn to double the actual power of the woofer for maximum bass performance.
