Portable AM/FM Radio
SB2001 OWNER’S MANUAL

Please read this Instruction Manual carefully before using the unit and retain it for future reference.
WARNING

TO PREVENT FIRE OF SHOCK HAZARD, DO NOT USE THIS PLUG WITH AN EXTENSION CORD, RECEPTACLE OR OTHER OUTLET UNLESS THE BLADES CAN BE FULLY INSERTED TO PREVENT BLADE EXPOSURE. TO PREVENT FIRE OR SHOCK HAZARD, DO NOT EXPOSE THIS APPLIANCE TO RAIN OR MOISTURE.

The Caution Marking is located at the back enclosure of the apparatus.
The Rating plate is located at the back enclosure of the apparatus

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer’s instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding type plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
10. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
11. Only use attachments/accessories specified by the manufacturer.
12. Use only with a cart, stand, tripod, bracket, or table recommended by the manufacturer, or sold with the product. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.
13. Unplug this apparatus during lightning storms or when unused for a long period of time.
14. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.
15. This appliance shall not be exposed to dripping or splashing water and that no object filled with liquids such as vases shall be placed on the apparatus.
16. Do not overload wall outlet. Use only power source as indicated.
17. Use replacement part as specified by the manufacturer.
18. Upon completion of any service or repairs to this product, ask the service technician to perform safety checks.
19. Power Sources - This product should be operated only from the type of power source indicated on the marking label. If you are not sure of the type of power supply to your home, consult your product dealer or local power company. For products intended to operate from battery power, or other sources, refer to the operating instruction.
20. Object and Liquid Entry - Never push objects of any kind into this product through openings as they may touch dangerous voltage points or short-out parts that could result in a fire or electric shock. Never spill liquid of any kind on the product.
21. Damage Requiring Service - Unplug this product from the wall outlet and refer servicing to qualified service personnel under the following conditions:
   a) When the power-supply cord or plug is damaged,
   b) If liquid has been spilled, or objects have fallen into the product,
   c) If the product has been exposed to rain or water,
   d) If the product does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operating instructions as an improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the product to its normal operation.
   e) If the product has been dropped or damaged in any way, and
   f) When the product exhibits a distinct change in performance - this indicates a need for service.
22. Mains plug is used as disconnect device and it should remain readily operable during intended use. In order to disconnect the apparatus from the mains completely, the mains plug should be disconnected from the mains socket outlet completely.
23. Battery shall not be exposed to excessive heat such as sunshine, fire or the like.
24. Excessive sound pressure from earphones and headphone can cause hearing loss.
25. Minimum distances of 4 inches around the apparatus for sufficient ventilation.
26. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
27. No naked flame sources, such as lighted candles, should be placed on the apparatus.
29. Attention should be drawn to the environmental aspects of battery disposal.

This symbol indicates that this product incorporates double insulation between hazardous mains voltage and user accessible parts.

CAUTION:
TO PREVENT ELECTRIC SHOCK, MATCH WIDE BLADE OF PLUG TO WIDE SLOT. FULLY INSERT THE PLUG TO MAIN POWER SOCKET.

SAVE THESE INSTRUCTIONS
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

WARNING
Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
DEAR STUDEBAKER CUSTOMER

Selecting fine audio equipment such as the unit you've just purchased is only the start of your musical enjoyment. Now it's time to consider how you can maximize the fun and excitement your equipment offers. This manufacturer and the Electronic Industries Association’s Consumer Electronics Group want you to get the most out of your equipment by playing it at a safe level. One that lets the sound come through loud and clear without annoying blaring or distortion and, most importantly, without affecting your sensitive hearing. Sound can be deceiving. Over time your hearing "comfort level" adapts to higher volumes of sound. So what sounds "normal" can actually be loud and harmful to your hearing. Guard against this by setting your equipment at a safe level BEFORE your hearing adapts.

To establish a safe level:
• Start your volume control at a low setting.
• Slowly increase the sound until you can hear it comfortably and clearly, and without distortion.
• Once you have established a comfortable sound level: Set the dial and leave it there. Taking a minute to do this now will help to prevent hearing damage or loss in the future. After all, we want you listening for a lifetime.

We Want You Listening For a Lifetime
Used wisely, your new sound equipment will provide a lifetime of fun and enjoyment. Since hearing damage from loud noise is often undetectable until it is too late, this manufacturer and the Electronic Industries Association's Consumer Electronics Group recommend you avoid prolonged exposure to excessive noise.

Customer's Record:
The serial number of this product is found on its bottom cover. You should note the serial number of this unit in the space provided as a permanent record of your purchase to aid in identification in the event of theft of loss.

Model Number: SB2001  Serial Number:
LOCATION OF CONTROLS

1. ON/OFF VOLUME CONTROL
2. TUNING CONTROL
3. SPEAKER
4. AM/FM BAND SELECTOR
5. FOLDABLE CARRYING HANDLE
6. SWIVEL FM TELESCOPIC ANTENNA
7. AC POWER SOCKET (ON BACK)
8. AUX IN JACK
9. BATTERY DOOR
**POWER SOURCE**

The SB2001 operates on 6 X ‘C’ size (UM-2) batteries (Not included) or from AC120V ~ 60Hz line power.

**BATTERY OPERATION**

1. Remove the BATTERY DOOR (#9) located on the back of the unit carefully.
2. Following the polarity diagram shown in the battery compartment, insert 4 X ‘C’ size (UM-2) batteries (not included) and replace the battery door.

NOTES:
- Disconnect the power cord before installing the batteries.
- For best performance and longer operating time, we recommend the use of alkaline batteries.

⚠️ **BATTERY WARNING**

1. Be sure that the batteries are installed correctly. Wrong polarity may damage the unit.
2. Use only the size and type of batteries specified.
3. Only use good quality/name brand batteries.
4. Do not mix old and new batteries.
5. Do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries.
6. If the unit is not going to be used for an extended period of time, please remove the batteries. Using old, leaking or cheaply made batteries can cause damage to the unit and may void the warranty.
7. Do not try to recharge batteries not intended to be recharged; they can overheat and rupture. (Follow battery manufacturer’s directions).
8. Do not dispose of batteries in fire, batteries may leak or explode.

**AC POWER OPERATION**

1. Insert one end of power cord to the AC POWER SOCKET (#7) on the back of the SB2001.
2. Connect the power cord to AC power source.
3. When the unit is operated from AC power source, the internal battery source will automatically be disconnected.

**WARNING:** Before connecting to the power supply, ensure that the supply corresponds to the information on the rating label at the back of the apparatus.

**RADIO OPERATION**

1. Rotate the AM/FM BAND SELECTOR (#4) to select the AM or FM band.
2. Turn on the radio by rotating the ON/OFF/VOLUME CONTROL (#1).
3. Use the TUNING CONTROL (#2) to tune to your desired radio station.
4. Adjust the ON/OFF/VOLUME CONTROL (#1) to obtain the desired sound level.
5. Rotate the ON/OFF/VOLUME CONTROL (#1) to turn off the radio when finish listening.

**TIPS FOR BEST RADIO RECEPTION**

AM - The AM antenna is built inside the radio. If AM reception is weak, change the position of the unit until the internal antenna picks up the strongest signal.

FM – To obtain the best FM reception, fully extend the TELESCOPIC FM ANTENNA (#6).

Avoid close to the speakers or other electrical appliance.
**AUX IN OPERATION**

The SB2001 provides an auxiliary audio signal input jack for connecting external audio devices like MP3 players, CD players and iPods (except iPod shuffle 3rd generation) for listening to your external source through the speaker of this system.

1. You need an audio cable (not included) with one 3.5 mm stereo plug on each end of the cable.
2. Plug one end of the cable into the AUX IN JACK (#8) located on the right hand side of the unit and the other end of the cable into the Line-out Jack or Headphone Jack of your external audio device.
3. Turn on the external audio device.
4. Turn on SB2001 and it will switch to AUX mode automatically.
5. The volume level can now be controlled through the volume control of your radio. Operate all other functions on the auxiliary device as usual.

**Notes:**

1. If you connected the Line-out Jack on your external device then you only need to adjust the volume control of this system. If you connected the Headphone Jack of your external device then you may need to adjust both the volume control of your external device and the volume control of this system to find the most desirable volume setting.
2. Remove the audio cable from AUX IN JACK (#8) when you finish listening. Don't forget to switch off the power on your external device as well.

**CARE AND MAINTENANCE**

- Clean the radio with a soft damp cloth and let all parts dry completely after cleaning.
- Do not use any aggressive cleaners, brushes with nylon bristles, sharp or metallic cleaning utensils, knives, hard scrapers and the like. They could damage the surfaces of the radio.
- Do not immerse the radio in water and do not let water get into the housing of the radio.
- Unplug the power adaptor and clean the radio before storage.
- Always store the radio in a dry and clean place.

**SPECIFICATION**

AC Power: AC 120V ~ 60Hz 4W

Battery: 4 x 1.5V C size batteries (not included)

Frequency Range: FM 88 – 108 MHz
                AM 525 – 1710 KHz
If you experience difficulties in the use of this clock radio, please check the following or call 1-800-777-5331 for Customer Service and support.

SPECTRA MERCHANDISING INTERNATIONAL, INC. warrants this unit to be free from
defective materials or factory workmanship for a period of 90 days from the date of original
customer purchase and provided the product is utilized within the U.S.A. This warranty is
not assignable or transferable. Our obligation under this warranty is the repair or
replacement of the defective unit or any part thereof, except batteries, when it is returned
to the SPECTRA Service Department, accompanied by proof of the date of original consumer
purchase, such as a duplicate copy of a sales receipt.
You must pay all shipping charges required to ship the product to SPECTRA for warranty
service. If the product is repaired or replaced under warranty, the return charges will be at
SPECTRA's expense. There are no other express warranties other than those stated herein.
This warranty is valid only in accordance with the conditions set forth below:
1. The warranty applies to the SPECTRA product only while:
   a. It remains in the possession of the original purchaser and proof of purchase is
demonstrated.
   b. It has not been subjected to accident, misuse, abuse, improper service, usage outside
the descriptions and warnings covered within the user manual or non-SPECTRA
approved modifications.
   c. Claims are made within the warranty period.
2. This warranty does not cover damage or equipment failure caused by electrical wiring not
   in compliance with electrical codes or SPECTRA user manual specifications, or
   failure to provide reasonable care and necessary maintenance as outlined in the user
   manual.
3. Warranty of all SPECTRA products applies to residential use only and is void when products are
   used in nonresidential environment or installed outside the United States.
This warranty gives you specific legal rights, and you may also have other rights which vary
from state to state. TO OBTAIN SERVICE please remove all batteries (if any) and pack the
unit carefully and send it freight prepaid to SPECTRA at the address shown below. IF THE
UNIT IS RETURNED WITHIN THE WARRANTY PERIOD shown above, please include a
proof of purchase (dated cash register receipt) so that we may establish your eligibility for
warranty service and repair of the unit without cost. Also include a note with a description
explaining how the unit is defective. A customer service representative may need to contact
you regarding the status of your repair, so please include your name, address, phone
number and email address to expedite the process.
IF THE UNIT IS OUTSIDE THE WARRANTY PERIOD, please include a check for $10.00
to cover the cost of repair, handling and return postage. All out of warranty returns must be sent
prepaid.
It is recommended that you contact SPECTRA first at 1-800-777-5331 or by email at
custserv@spectraintl.com for updated information on the unit requiring service. In some
cases, the model you have may be discontinued, and SPECTRA reserves the right to offer
alternative options for repair or replacement.
